**iVis 60 EXPERT**

An affordable, all-digital shared service color Doppler system

CHISON iVis 60 EXPERT has set a new definition for an affordable, all-digital shared service color Doppler system, by providing an 'All-in-One' solution for abdominal, OB&GYN, cardiac-vascular, small parts, pediatric, and musculoskeletal applications.

The innovative architecture of processing channels, matched with wide band probes, provides THI, compound imaging, and ensures stunning image quality without compromising the frame rate.

The system supports CFM, PW, CW, Directional Power, Color-M, Panoramic, 3D, ECG, DICOM, and comprehensive cardiac, vascular, and OB packages.

A workflow-oriented user interface, one-touch key quick operation, i-CINE, free-arm LCD, and three active probe connectors makes the iVis 60 EXPERT a state-of-the-art imaging system for all EXPERTS!

Imaging Mode: B, M, 2B, B/M, B/BC, CFM, PW, HPRF, PD, Directional PD, CW, Color M

Extended feature: Triplex, Trapezoidal imaging, Free-hand 3D, Panoramic, Auto Doppler, Free Steering M

Imaging technologies: THI, Speckle reduction, i-Image™, Compound Imaging

Wide Applications: Abdomen, Cardiology, OB&GYN, Urology, Vascular and Small Parts, Pediatrics, Musculoskeletal

Standard Configuration: Main unit, 3.5 MHz Convex probe, 7.5MHz Linear probe, 15" LCD, 3 probe connectors, Hard disk (160GB), DVD, 2 USB ports

Options: 6.0MHz Transvaginal probe, 3.0MHz Phased array probe, 5.0MHz Pediatric probe, 5.0 MHz, Phased Array, Video printer, PC printer, Free-hand 3D, DICOM, ECG, CW, Free Steering M, Panoramic, Color M
